# Alamgir Munir Qazi

Phone: +92333-5600360 | 14-Nov-1995 | alamgirmunirqazi@gmail.com | github.com/alamgirqazi

A quick and avid learner with hunger for knowledge and self-improvement.

## Skills

- JavaScript / TypeScript / ES6
- Node.js / Express.js
- MongoDB
- Angular
- React.js
- Postgresql

## Experience

**Micromerger IT Solutions** – Software Engineer
*Oct 2017 - present*

I work as a JavaScript Full-stack developer. My scope of work is in building multi-tenant and microservice architecture-based applications. I work(ed) in the following areas:

- Angular 4/5, E2E and Unit Testing (Front-end).

- Express.js, Loopback.js, Express-Gateway (Node.js).

- MongoDB, Postgresql, Redis, CouchDB, PouchDB.

- Docker, Kubernetes.

- Google Cloud (Google Kubernetes Engine, Cloud Storage, Cloud SQL, Cloud Build, Container Registry).

- Continuous Deployment and Automation via Cloud Build.

**Vizteck Solutions** – Intern
*July 2016 – August 2016*

A 6-week internship as MEAN Stack Web Developer.
